CSN Nevada Promise Scholarship

Community Service Organization Contacts List

This guide is meant to assist CSN Nevada Promise Scholarship applicants and recipients in their research to locate community service activities. This list is not exhaustive of the myriad of options open to students as students are still welcome to identify and participate in community service activities outside of this provided list.

This guide is organized by CSN areas of study to provide suggestions if students want to search for an activity that might be close to academic pursuits or related interests. Students do **NOT** have to choose community service activities that fall under the recommendations for their area of study; students can choose any opportunity from this list or that they locate on their own so long as the community service activity meets the [scholarship guidelines](#).

NOTE: The inclusion of an organization on the attached documents does not indicate endorsement by CSN of the organization's mission, practices, view, or information included in the organization's linked websites. CSN cannot and does not assume any responsibility or liability for any conditions, hazards, or risks for any related personal injuries or property damage arising directly or indirectly from an individual's participation in activities of these organizations.
