### **CONTACT HOURS**

**Section 1.** Upon ratification of this Agreement, NFA-CSN and CSN Administration will convene a committee for the further study of contact hour multipliers for appropriate lab or studio time. The committee will be composed of two nominees of each party, who may invite others to provide input or resources in order to timely gather the relevant data. The committee is to produce within four months a comprehensive analysis regarding contact hour multipliers, including cost considerations, best practices, and peer comparisons. The committee's final report must be agreed to by the committee representatives of NFA-CSN and CSN Administration, otherwise the committee is disbanded without a report. Upon the mutual agreement of NFA-CSN and CSN Administration, changes recommended by the committee may be incorporated into this Agreement.
