

Microsoft Teams Revised In-meeting Share Experience

COLLEGE OF SOUTHERN NEVADA

Microsoft Teams desktop users on Windows and Mac will soon have a revised share experience while in meetings.

Key points

- Timing: mid-February through mid-March 2021
- Roll-out: tenant level

How this will affect your organization

In Microsoft Teams desktop client on Windows and Mac, users will see a new design when sharing their screen, window, Whiteboard, or PowerPoint during meetings, as shown below.
