

Dear CSN Student,

I am pleased to inform you that CSN is providing emergency aid funding to support currently enrolled students impacted by the coronavirus pandemic as part of the Federal Coronavirus Aid Relief and Economic Security (CARES) Act. This is a grant award intended to assist students with expenses associated with the disruption of campus operations due to coronavirus.

You have qualified for funding and will soon be able to view your award in your MyCSN student account. Your award will be between \$200 and \$1000 and could appear as two direct deposits or arrive via mail as two separate checks. Payments will be processed and automatically distributed beginning this week through the CSN Cashier's Office.

In general, to receive funds students must be in good academic standing, enrolled in a degree or certificate program, eligible for financial aid, a U.S. citizen or eligible noncitizen and not in default on federal student loans. You can review eligibility requirements and award information on our [coronavirus webpage](#).

Students who were enrolled exclusively in all online courses before March 13, 2020, are not eligible for CARES Act funds.

Questions regarding eligibility and funding can be emailed to the [CSN Financial Aid Office](#).

We hope these funds will be of assistance to you during these difficult times.

Sincerely,

CSN Financial Aid Office
