Community Resources

State of Nevada Division of Welfare and Supportive Services
Food Stamps, Medicaid, Childcare assistance, Energy assistance
Apply online  https://dwss.nv.gov/
Call: (702) 426-4900

Programs Available:

Supplemental Nutrition Assistance Program (SNAP) – Food Assistance
SNAP is a federally funded program designed to help low income families buy nutritious food from
authorized retailers, also known as “Food Stamps.”

Temporary Assistance for Needy Families (TANF) - Cash Assistance
TANF is designed to provide temporary cash assistance for needy families to care for dependent children
in their own homes or in the homes of relative caregivers. TANF provides financial and support services
such as child care, transportation, and other services to low income families with children.

Medicaid - Medical Assistance
The Medicaid Program is a federal program administered by the state. Its purpose is to help meet the
cost of medical services for individuals receiving public assistance payments, and individuals and families
with low income.

Child Care Assistance
The Child Care Program assists low-income families, families receiving temporary public assistance and
those transitioning from public assistance in obtaining child care so they can work. Other services
include resource and referral for parents seeking child care and consumer information on the aspects of
quality child care. Resource and referral services are available to all Nevada families at no
cost.

Energy Assistance (EAP)
The “Energy Assistance Program” provides a supplement to assist qualifying low-income Nevadans with
the cost of home energy. Applications are evaluated year-round or until funding is exhausted. Eligible
households receive an annual, one-time per year benefit customarily paid directly to their energy
provider(s).

Child Support Enforcement Program
Nevada’s CSEP provides five basic services to both TANF and non-TANF families. They are 1) parent
location; 2) establishing paternity for children born outside of marriage; 3) establishing financial and
medical support orders; 4) enforcing support orders; and 5) collecting and distributing support
payments. In providing these services, the birthrights of children are established, support is secured for
children missing one or both parents, and the burden on Nevada taxpayers is reduced by offsetting the
need for public assistance.

Spanish Version of Initial Unemployment Insurance Claim Video Is Live:
LAS VEGAS, NV — The Spanish version of the Nevada Department of Employment, Training and Rehabilitation (DETR) instructional Unemployment Insurance (UI) video entitled "Cómo crear una cuenta UINV del Seguro de Desempleo de Nevada en línea" ("How to create a Nevada Unemployment Insurance UINV account online.") is now live on YouTube. As its English counterpart, the Spanish video will guide filers through setting up their online account as they navigate the UInv claimant site, ui.nv.gov/css.html to complete their claims. Online filing is strongly encouraged as that is the fastest and most convenient way to file.

Parents can also pick up academic resources at these sites.

In order to comply with federal regulations, a school-age child must be present for food to be distributed. The pickup location will be set up outside of the school sites to facilitate distribution.

CCSD is working with its rural communities to set up food distribution and will communicate to these communities directly.

Additionally, CCSD will be working with our government and community partners to set up food distribution options to ensure our students have access to additional food. Information on these options will be shared with parents as soon as it is available.
